CONFESSION OF TRAIN ROBBER

'Bud' Rogers Says He Was One of Four Men Who Held Up the Short Line in Ogden.

Boise, Ida., July 22—A special from Idaho City says: The sequel to the train robbery near Ogden, Utah, on June 27, when the passengers of an Oregon Short Line train were left in Ogden in the night for the north were relieved of their valuables by a gang of masked men, seems about to be revealed as the result of the confession of a man named 'Bud' Rogers, to Deputy Sheriff E. B. True. Bud came to town in company with a Chinese named Jim Amboy and inquired the location of the sheriff's office. After asking a good many questions about the train robbers and concerning a poster in the office, Bud was himself asked if he knew anything about the robbers and said that he knew about one of them and eventually volunteered the information that he was one of them. He said that there were four robbers, although it has been supposed that there were only three. He explained that the division of the "swag" was not an equitable one and that he received only \$25 and three watches as his share of the holdup. The others told him that if he preached they would kill him. Asa Smith, a resident of this city, recognized Bud as having been in Boise at one time. He was then paroled blind and is now hardly able to see his way. He will be taken to Boise by Sheriff H. H. Hamilton tomorrow.

The Ladies' Aid society of the Methodist church will meet at the church parlors next Thursday afternoon for a social and business meeting, and a full attendance is desired.

Miss Ada Mack was guest of honor at a party given on Tuesday of last week at the home of Mrs. J. C. Knudsen in Brigham City. Among those mentioned were Mesdames R. L. and F. W. Fishburn, James and C. W. Knudsen, D. L. Eddy, E. W. Dunn, Nels Jensen, W. L. Eddy and Miss Mack.

Kindly Precation.
Hyker—Joblott is an exceedingly kindhearted chap.
Pyker—Is that so?
Hyker—Yes. Only last week he had his dog's tail cut off for fear he might accidentally step on it some day.—Chicago News.

Excavation work was begun on the Lyceum theater ground yesterday, under direction of Contractor S. N. Meld. J. R. Nuckles the theater man, who has a long-time lease on the new playhouse, is giving the building operations his personal attention. He says he wants the house to be as he wants it, and to that end he is going to watch the progress of the work.

"I am going to expend about \$5,000 in furnishing the interior of the building and, naturally, I want to see that the architectural plans are carried out to the letter. I am going to call the new theater the Lyceum, under which name the old one was known, but I want to assure the good people of Ogden that it will be quite a different playhouse. It looks to me as though the theater will be ready for occupancy by September 15th."
